CRANE'S PATENT SOAP took the FIRST PREMIUM at the State Fair at Janesville; also at the State Fair of New York, and at the great Fair of the American Institute—*of course* it did; because it is the BEST SOAP IN USE. "We have used CRANE'S PATENT SOAP in our families for the past eight months, and pronounce it *fully equal* to its recommendations. We do not discover that it injures clothing in the least. It is the cheapest Soap in use. We should not willingly do without it.

A NEW ARTICLE!
JOHNSON'S CHEMICAL
HAIR INVIGORATOR,
To prevent baldness, and to restore the hair that has fallen off or become thin, and to cure effectually Scurf or Dandruff.
Prepared only by S. JOHNSON, Jr, 151 East Water street, Milwaukee.

FOR THE TOILET.
THE Invigorator is considered infinitely better than oil or grease for the hair, and is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture for the hair, never before attained, yet free from animal grease or essential oils. It clears the pores of the skin, causes a healthy action of the blood vessels, nerves, &c, which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff, and other cutaneous diseases, disposes the hair to curl, and keeps it so; will positively change the hardest hair into the most soft, healthy, glossy state; also imparts to it a darker color, and the free use of it will keep both the skin and hair in a healthy and luxuriant state until the latest period of life.
Ladies will find the Invigorator a great addition to the Toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair. nov24

GREAT WESTERN
STOVE DEPOT!
Nos. 87, 89 and 91, East Water street,
MILWAUKEE.
THE subscribers having been appointed agents of the *PRESQUE ISLE IRON FOUNDRY*, (the largest Stove manufactory in the United States,) are prepared to offer to the trade, and to retail customers
A better article of Stoves
and at LOWER PRICES, than can be bought at any place west of Albany.
From an experience of ten years in the Stove business in Milwaukee, we have learned what kinds are best adapted to the wants of this country, and have no hesitation in saying, that in point of style, utility and durability, the
PRESQUE ISLE FOUNDRY STOVES
excel all others brought to this market. The designs and patterns are neat and tasteful, and being run from the blast, are not as liable to crack as those run from the pig, for the reason that the latter receives one more melting than the former.
Among our Cooking Stoves may be found the LION and PRIZE, two Stoves that stand without a rival among the "Air Tights." The Lion is a diving three flue stove, with two tops, one for barrel or five pail kettles, and the other for boilers, tea-kettles pots, &c; also, the KEYSTONE and CHAUTAUQUE FARMER, with elevated ovens. The Keystone is regarded by all who have seen it as the finest specimen of a cooking stove ever presented to the public, and the fact is attested by the large number sold.
The Chautauque Farmer, was designed expressly for the farmers' use, it having no inside or division plates, making the fire-place large and not liable to burn out.
Of the above mentioned Stoves we might give over 500 certificates, proving their good qualities, from persons who have used them; but as we guarantee them to be the best in use, we do not deem it necessary. We have also every variety of
Premium and Double-Oven Cooking,
From No 1 to 6; also a great variety of
AIR-TIGHT PARLORS!
of splendid patterns, with and without folding doors, together with an endless variety of
PLATE AND COAL STOVES,
all of which we respectfully request you to call and examine before purchasing.

Oh, Sing for me a plaintive Air.

BY F. E. PLUMPTON.

No more, no more; I cannot bear
The strain of joy thou singest now;
My ear requires a plaintive air,
For sadness gathers on my brow.
When o'er my soul there comes the blight
Of sorrow, oh, what art can move
A heart to beat with fond delight
That wears with grief, the chains of love!

Thy voice in sweetness is divine,
Thy harp unequalled in its tone,
And o'er this wayward heart of mine
They hold a magic not their own.
That harp, should other fingers string,
Would lose the witch'ry of its tone,
That air, if other lips should sing,
My heart would e'en refuse to own.

Oh, sing for me a plaintive strain,
The syllables of childish years,
For grief recalls those days again
When even joy was found in tears.
But now my pleasure ends in pain,
And love is bitter bliss with care;
Touch not those strings to joy again—
Oh, sing for me a plaintive air.

Biographical Sketch—Blannerhasset.

The following article, copied from the Louisville *Register*, was "written by a gentleman," says that paper, "of high respectability," who had an opportunity of becoming acquainted with the facts related in his communications:

"Who was Blannerhasset, and what has become of him. Having lately seen in the New-York and Philadelphia papers, several fictitious notices of this celebrated personage, is the apology which the writer of this article offers for giving what he believes to be the true history of this man's career, and final exit from the troubles of this world—which will be much easier to do than highly colored pictures of things which never existed except in the fancy of some novel reader. The authority for the facts herein disclosed by the writer is believed to be authentic, and of the highest character. In the first place who was Blannerhasset? In answer to this question our information is, that it was an assumed name by an individual whose true name was Lewis Carr, who was born in Ireland, as has always been stated. His family were highly respectable, and an elder brother filled the station of secretary to the Governor of Calcutta, in the East Indies, to which young Lewis went as an ensign in the engineer department, where he remained about two years in which time he was engaged in several scrapes and intrigues, which finally compelled him to resign his commission, and seek a place of refuge in the city of Kingston, in the Island Jamaica, where he read law and commenced the practice, and also engaged in merchandizing, by which means and a secret connection with the buccaneers and pirates who hovered around the West Indies and on the coast of Mexico, he amassed a splendid fortune, which he spent with equal profusion.

While employed in this business, he frequently visited Mexico, and became acquainted with many of the leading men who were preparing the way for a revolution, which Carr foresaw, must break out in a short time and being a bold unprincipled foreigner, he was perpetually engaged in difficulties of one kind or another, until shortly before he came to the United States, an intrigue with the wife of one of the wealthy citizens of Kingston made that place too hot for him, and he sold out his property and came to the United States. He landed at New Orleans, and went thence to Louisville, Kentucky, where, or in the section, he purchased some property and finally located himself on the celebrated island in the Ohio river, near Marietta.—This move took place about 1803 or 1804.—When he reached New Orleans he assumed the name of Blannerhasset. The beautiful lady who accompanied and lived with him was not his wife. She was young, and had many fascinating accomplishments, which made her more worthy of Blannerhasset than he was of her. Col. Burr first saw Blannerhasset in the year 1805, and instead of Burr seducing him, there can be no doubt that Col. Burr received from him such an account of Mexico, its wealth and disposition for revolution, as seduced him into the project of invading it; and the question as to whom should be the great man was reserved by Lewis Carr until future events should develop themselves as Carr always declared to his friends that he intended Col. Burr as the chief of the military which was to advance him to the supreme command in Mexico.

The movements of Colonel Burr and Blannerhasset in the United States, during the year 1805 and 1806, are already known and of course need not be detailed in this statement.

After their projected invasion of Mexico, had failed, and Blannerhasset had broken up at this island he returned to New Orleans, where he left the lady who had been his companion, and he embarked for the island of New Providence, one of the Bahamas in the West Indies and settled at Nassau, its capital and recommenced the practice of law.—In a short time he obtained a lucrative practice and married a lady of one of the most respectable families of that place, and was soon after disturbed by a visit from his Blannerhasset Island companion, who gave him much trouble before he could get her to retire in peace, which she did and soon after returned to the United States, and is now believed to be a resident of the Southern States. When settled in Nassau, he resumed his true name of Lewis Carr, and soon acquired a handsome living; but his restless spirit and intriguing disposition kept him constantly involved in difficulties, and his treatment of his wife was in the extreme, yet, by taking sides with the government, he was elected to the assembly of the Bahamas, was chosen speaker about 1829. This was his last elevation to notice; by his treatment of his wife and his continued debaucheries and seductions—as no money which he could command, ever stopped his progress—during the year 1831 and 1832, he became so embarrassed that he was obliged to leave the Island, and once more return to Kingston, Jamaica, from which place in 1833, he once more came to the United States, and landed at Philadelphia under his true name, Lewis Carr, where its believed that he for the last time visited Col. Burr and soon after that was taken sick and died in obscurity in Philadelphia. At least this is the belief of his wife and friends at Nassau.

Thus ended the life of this bold and restless spirit, which from his entrance on public life until his death was one continual scene of adventures. The years he lived at Nassau were filled up with intrigue of a personal character, but from the time he left the United States in 1807, until 1823, he never resided in any other place than the Island of New Providence.

Our informant was the vice consul of the United States, who lives on one of the Salt-key, Bahama Islands, who read law with Blannerhasset, and was afterwards his partner for near twenty years, where he passed under his true name of Lewis Carr, and often told this history of his life and connection with Col. Burr—so that the writer of this article, who was at Kingston, Jamaica, and at Saltkoy Island last Summer one week, has no doubt of the truth of the foregoing narrative. The facts and circumstances of his connection with Col. Burr, were fully detailed, so that there was no room to doubt that Mr. Blannerhassat was truly Lewis Carr. He is not now in France, neither did he ever live in Montreal.

MILWAUKEE:

FRIDAY AFTERNOON, JAN. 9.

LEAP YEAR.—This is the year of Woman's Rights, and of Woman's Duties. For they are allowed during this year, theoretically at least, to select their own husbands, provided they are not already mated. We would, therefore, suggest to them the exercise of unusual care and foresight in making their selections. Don't marry a man you can't love, but be sure you love only what is loveable. There are plenty of young men who might make you happy, but they are not the fops and dandies, who aim to play the same part on the surface of society, that foam does on the moving waters. We are afraid, ladies, that *you* are not all qualified to make good wives,—that the domestic part of your education has been neglected. There can be no substitute, in a well-regulated household, for good bread, pastry and puddings, tidiness and clean linen. Not even *love*, which works wonders, can supply their place. However, improve your privileges.

Sheboygan Harbor.—The citizens of Sheboygan held a meeting on Monday last, to devise some means for the improvement of their harbor. Suggestions, as to the best mode of proceedure to accomplish the work, were freely offered, and one gentleman, Mr. D. Whitney, made the very liberal offer of one half of his river lots, to aid in the construction of a harbor, which lots would be worth $20,000 when the harbor was improved. A resolution was passed, to appoint a committee of five to draft a petition to be circulated through the county, and report at a meeting to be held on Saturday evening next.

☞ The Janesville *Gazette* states that an extensive bed of water lime has been opened in Rock county, of a very superior quality.

☞ The Board of Trustees have appointed Mr. Alexander McDonald, of Boston, to take charge of the Institute for the Blind, at Janesville.

Liquor Law.—The Janesville *Gazette* says, there will undoubtedly be petitions presented to our Legislature, this winter, for the enactment of a law similar to the Maine "Liquor Law," and thinks the public mind in Wisconsin is about ready for such a measure.

Plank Road Loan.—At a large meeting, held at Racine the 5th inst., it was resolved to loan the credit of the city, to the amount of $30,000, to companies organized for the construction of plank roads into the interior.

Finances of Green County for 1851.—Expenses, $4,519 31; receipts, $4,885 54; balance in the treasury, $366 23. That will do.

☞ The loss at the fire which occurred at Buffalo on the 27th ult., is estimated at $200,000. On the buildings and stock destroyed there was an insurance of some $75,000.—Several firemen were considerably burned.

FIRE AND LOSS OF LIFE.—A fire occurred at Troy, N. Y., on Christmas morning, destroying about $10,000 worth of property. A young man named Pierce, a student in the Troy Institute was killed by the falling in of the walls of a building upon him, while holding the pipe of an engine.

☞ The loss by fire at Philadelphia on the 27 ult., is $800,000, instead of $2,000,000 as was reported by telegraph.

THE FOREST CASE.—The testimony in the Forest case shows that Mrs. Forest lay in bed with other men in her husband's absence. We don't so much blame Mr. Forest for cudgeling Willis. If Mrs. F.'s *character* survives this trial, her *reputation* won't.

☞ "He that giveth to the poor lendeth to the Lord."

N. B. The Lord has very few creditors.

Sheboygan Commerce.—The total amount of imports received at Sheboygan, during the year 1851, is 241,693 tons merchandise, and the whole number of vessels touching at the port, during the season, were 805.

☞ J. W. Trowbridge, Esq., has retired from the proprietorship of the Racine Advocate, and John A. Harrison, Esq., succeeds him. The paper is now published by Bunner & Harrison; J. C. Bunner, Esq., Editor.

☞ The Louisiana Legislature is composed of 57 Whigs, and 40 Democrats in the House, and 17 Whigs and 15 Democrats in the Senate.

WAR IN SOUTH AMERICA.—Accounts have been received from Montevideo, to Oct., 12th, to the effect that the War is concluded, and the seige of that city abandoned. The defeat of Rosas is complete in Uraguay. Gen. Oribe, with his entire forces has surrendered.

CHRISTMAS PRESENT.—Mr. Wm. Smead, proprietor of the Citizen's Bank, Cincinnati, make a donation of *Five Thousand Dollars*, to the Widows and Orphans of Cincinnati, on Christmas Day. This same gentleman had before contributed $1000 to the Kossuth Fund.

In the recent collision between the steamers Ville de Grasse and Nantes at Bardeaux, two young ladies saved their lives by swimming.

TO INDIAN LAND SETTLERS.—Plats of towns 12, 13, 14, 18, 19, and 21, range 9; 17, 18, 21, and 22, range 10; and 17, 21 and 22, range 11, have been received at the Green Bay Land Office, and pre-emptors of lands in those towns will be allowed to file declarations with the Register for the same.

C. E. P. Hobart, Esq., of Mukwa, long and favorably known as a land agent, formerly of this place, has been appointed by the Register and Receiver of the land office at Green Bay, an Agent to take testimony, in proving up on pre-emption claims, on the Menomonee lands, and he will visit the towns named above, to render such professional services as may be needed. Mr. Hobart is a responsible, competent man, and will do business to the satisfaction of all who will entrust it with him.—*Oshkosh Democrat.*

[Mr. Democrat, are we to understand from the above, that claimants or pre-emptioners, by *now* "proving up," can immediately enter their lands? We had supposed the "proving up" of pre-emption was to be made at the time set for the public sale of lands, and then paid up. How is it?—*Ed.*]

Register's Office, Mineral Point,
December 27, 1851.

CIRCULAR.—Settlers upon the public lands, after the extinguishment of the Indian Title, and before the surveys, are entitled to the right of pre-emption by virtue of their settlements. After the survey, three months time is allowed to file their declaratory statements; the time of settlements, and the proper description of the lands must be mentioned, and pre-emptors complying in all these particulars with the requirements of the pre-emption act of 1841.

G. H. SLAUGHTER, Register.

St. Croix Enquirer.

The St. Croix *Enquirer*, published at Willow River, Wis., of Dec. 2d, has just came to hand, being only about *forty days* old.—It's decidedly refreshing to look over its stale news, and peruse its *thrilling* editorials, on the lofty and *instructive character* of the Fillmore Administration, which it regards as being one of the ablest, the best, and the purest, that we have had since the formation of our Government. It says that this Administration "has been eminently National, as well as eminently Whig,"—that is—we suppose—it satisfies not only the entire Whig party, but a large proportion of the other parties. Was a greater paradox than this ever uttered? True, it satisfies the Hunker faction of both the old parties, because it has reflected their views and carried out their wishes. But the liberal portion of both look upon the Administration with open contempt and unqualified aversion, and on the President, as having betrayed his northern constituency. It heaps its vituperations and maledictions upon all the past Democratic Administrations, without stint or measure—eulogizes the "Fugitive Slave Law," and the energetic action of the President in regard to its execution—tells how all this saved the Union from *destruction*, and averted the impending danger which threatened ruin to the Republic.—It denounces the spirit of fanaticism which "runs riot" among the people of the Free North.

If gross misrepresentation and fulsome flattery of the Administration can make a public journal successful, the St. Croix *Enquirer* will succeed admirably. Its mission is evidently to praise and deify Fillmore's political acts, and it bows reverently to the task.

☞ The Chicago *Tribune*—formerly a Free Soil, but now a Douglas Hunker paper—accuses "a large portion of the Anti-Slavery men of the North," of being "Ishmaelites," with but one idea, and "unfitted for a discharge of those duties which every rational being owes to society." And it cites the views of Garrison, to prove it. We might, with the same propriety, cite the doctrines of the South Carolina and Mississippi Fire Eaters, to show what are the opinions of the *Tribune*.

☞ A fire at Chicago, in Ellston's Confectionary, last Wednesday, and $2,000 stock destroyed. Insurance $1,100.

RAILROAD ACCIDENT.—Five men, while crossing the Railroad track, at a place called Melrose, Conn., on the 24th ult., were struck by the locomotive of one of the New Haven trains, when under full headway, and one of them killed instantly, and two others died in a short time; another was shockingly mutilated, and the fifth hurled down the embankment, but sustained little injury.

☞ Mr. Whitaker, proprietor of the woolen manufactory at the lower villiage, has shown us a specimen of cassimere, manufactured at his establishment, which for strength, beauty, and fineness of texture, is not excelled by the best fabrics from abroad. There is no reason why Wisconsin should for any length of time go beyond her own borders for cloths. The best of wool can be produced here in abundance, and much cheaper than in the older states. Water privileges abound in every stream, and we have a population renowned for their enterprise. Do not let us, then, be dependent upon other states and countries, for a staple we can so easily produce ourselves, but let us apply our means and industry, to develope the great natural resources and capabilities of the state, and we shall thereby not only promote our manufacturing, but our agricultual and mechanical interests.—*Janesville Gaz.*

OHIO—PRESIDENTIAL.—"An Ohio Democrat," writes a long letter to the N. Y. Evening *Post* which concludes thus:

If the issues are to be made in the approaching Presidential struggle, as defined by Senator Toombs, Governor Foote, and the recently installed dignitaries of the new Union party—in such an event, the nomination of Senator Chase for the presidency, by the Free Labor Democracy, would be one "fit to be made." *Nous Verrons.*

BANGOR, Me. 27.

ANOTHER LIQUOR RIOT.—Another Liquor Riot occurred at Mount Dessert, yesterday, during which the officers where knocked down and the liquor carried off and secreted. The officers have sent to Ellsworth for assistance, as further trouble is expected.

☞ The Fire Annihilator humbug has finally exploded.

PARAGRAPHS.

Jones says he don't know anything so mean as to turn up one's nose at a poor relation. He's poor, and has very poor friends, but he aint too proud to share their poor meals, and cheer 'em up.

It is the highest duty, privilege, and pleasure for the great men and the whole souled women to earn what they possess, to work their own way through life to be the architects of their own fortunes.

A Van Dieman's Land Journal says that a water-fall, which has a clear fall of 600 feet, has been discovered in a rocky gorge of the Grey Mountain, at a distance of about 20 miles from Hobart Town.

☞ Dr. Kane, the surgeon of the Grinnell Arctic Expedition, is about to deliver a course of lectures upon that expedition, at the Smithsonian Institute, in Washington.

LYNCH LAW.—A man named Atkins, was arrested at Louisville, the other day, charged with giving passes to slaves. He was immediately seized by a mob, stripped, and given from two to three hundred lashes on the bare back, and then started down the river on a steamboat.

☞ Sidney Smith, Esq., of the English Consulate, at Havana, has been compelled to send to New York the service of the plate presented to him by the young men of New Orleans, for his attention to the American prisoners, in consequence of certain threats made by the Spanish residents of Havana.

SEATING BLOOMERS.—The Boston Herald says that a large number of their citizens "were regaled on Saturday afternoon with the spectacle of some 15 or 20 young ladies in the Bloomer costume skating on Back Bay. The ladies proved themselves to be most excellent skaters, not one of them catching a fall." They probably might have catched a fall, if they had tried to; but undoubtedly they preferred catching a beau to slipping up—most ladies do.

VIRGIL was so fond of salt, that he seldom went without a boxfull in his pocket, which he made use of from time to time, as men of the present day use tobacco.

HANDEL was such a miser, that at the very time he was in receipt of fifty pounds a night from the opera, he was frequently known to wear a shirt for a month, to save the expense of washing.

ZOROASTER, it is said, though the most profound philosopher of his time, theoretically, was very easily put out of temper. He once carried his irritability so far as to break a marble table to pieces with a hammer, because he chanced to stumble over it in the dark.

SHAKSPEARE, though one of the most gorgeous of men, was a great higgler. He was often known to dispute with a shopkeeper for half an hour on the matter of a penny. He gives Hotspur credit for a portion of his own disposition, when he makes him say, "I would cavel on the ninth part of a hair."

It is stated that the Roman Catholic hierarchy of Ireland have resolved not to celebrate the rites of marriage between a Protestant woman and Roman Catholic man, unless the woman consents that all the children shall be brought up as Roman Catholics. It is added that Dr. Wiseman will uphold the priesthood of England in a similar determination.

It is stated that the whole Kingdom of hungary, independant of Austria, comprehends 156,000 miles, and 14,000,000 of people.

THE NEW AND WELL-KNOWN

HORICON GRIST MILL,

And the Property connected with it, of

ABOUT SIXTY ACRES OF LAND,

WHICH is surveyed into VILLAGE LOTS, on which there are two good DWELLING-HOUSES, convenient to the business of the town The Mill is in successful operation, and is prepared to do good custom and merchant work.

The village of HORICON is located on Rock River, at the foot of Lake Horicon, in Dodge county, in this State, in one of the richest and most fertile portions of Wisconsin. Its WATER POWER is equal, if not superior, to any one in the State, and is capable of driving any amount of Machinery. Horicon has advantages that no other point in the country possesses, it being the nearest place to touch at from all the northwestern travel. The

Milwaukee and Lisbon Plank Road

is located to this town—is graded 22 miles, and planked 18 miles west of Milwaukee. The

Union Valley Rail-Road,

from Fond du Lac to Janesville, runs through the place, and is selected as one of the points for a Depot. The site of the village is one of the most beautiful and romantic in the entire State. It was the home, thirty-two years ago, of the celebrated Indian war chief, BLACK HAWK. The place is growing fast, and is situated between the heavy timbered oak openings and prairie lands. The timbered lands afford plenty of LUMBER and TIMBER for all the surrounding country.

HORICON contains about three hundred inhabitants. There are four Stores, two Taverns, two Saw-Mills, three Cooper Shops, two Waggon Maker's Shops, two Cabinet Shops, one Machine Shop, two Tailor Shops, and two Shoemaker Shops.

The attention of Millers and Capitalists is invited to this property.

FRIDAY.....JANUARY 9.

CITY MATTERS.

AT HOME AFTER 9 O'CLOCK AT NIGHT. The Common Council yesterday discussed the question of altering the section of the Ordinance authorising the Night Watch to arrest any person out after 9 o'clock at night, so as to exempt them from arrest till 12 o'clock. But as there was a penalty of $10,00 for arresting any one "without sufficient cause," the Council concluded to "try on" the Ordinance as it stands, awhile. We beg to suggest to our learned and venerable "Fathers," that the Ordinance they have passed makes the fact of *any person's* being out after 9 o'clock, for any reason, a "*sufficient cause*" for arrest. We saw the Mayor out last night, long after that hour, and had the watch fulfilled all their legal powers, last night, all the Editors, part of the Council, and a large number of our business men would have found themselves, this morning, in the watch-house or jail, and a fine of $2,50 demanded of each of them, as the price of their liberty. It's quite a change from absolute lawlessness, to such a stringent police regulation as this.

CITY CHARTER.—The subject was discussed in the City Convention of Delegates, yesterday afternoon, whether to submit the new charter to the voters of this city, or send it out to Madison to be endorsed by the Solons there, first. We trust the charter will be submitted to the people here first. And be published, too; so that all may examine it. We understand a few copies are printed. It should be published in all the papers. The cost would be but trifling. We have not been able to get a copy. We should suppose if the Convention had framed something *nice*, they would wish the press to see it and speak of it. The people ought to have some voice in this matter, and they will. And if the Convention want to see the Charter *damned*, and themselves to boot, let them keep the Charter from the people. We know the temper of the people well enough to predict the result of such a course.

DONATION VISITS.—There was a very pleasant party at Rev. Mr. Keene's last evening, and as far as we could observe, we should judge that some substantial tokens of friendship were left behind. Mr. and Mrs. Keene appeared to enjoy the visit very much. The company was increasing, when we left, at an early hour, to attend the donation party at Mr. Metcalf's, in behalf of Rev. Mr. Thomas. We found a very large number assembled—all cordial, social and happy, and after making the personal acquaintance of quite a number whom we have known by sight and by proxy for a long time, and partaking of Christian hospitalities, we retired to meditate and write this brief notice.

We like these unions, where pastor and people meet without formality or reserve, and exchange kindly words and sympathies. It enables the members of the same religious household to become acquainted with each other, and promotes brotherly love—of which, Heaven knows, there is need enough in our large cities.

TAKE NOTICE.—That there are a great many presents yet remaining at C. OTT'S Bookstore, imported from Germany, which can be had for the asking, *and* the merest trifle. How toys and ornaments can be made so cheap is a mystery to us, but we presume Mr. OTT can explain it very satisfactorily. Give him a call, and see.

STONING THE PRIESTS.—*Hard Times.*—We understand that an individual was so *hard* on two of the clergy of this city, that at the recent donation visits he sent them a quantity of stone-ware. *Hard*-hearted man! Hope somebody sent them something to put in the *hard*-ware.

THE LOST FOUND.—Mr. Day recovered his horse and cutter yesterday. They were found some five miles out of the city, on the road where they had undoubtedly been left by the knave who drove them off. The rascal wasn't to be found.

☞ At a special meeting of the Common Council, yesterday, for organizing a Night Watch, for the several Wards, the following appointments were made:

1st Ward—Hugh Watson, Peter Sheffel, Moritz Morganschien.

2d Ward—Cha's. Neuman, Albert Lathrop, Cha's. Dorflinger.

3d Ward—Philip Daley, Ja's. Glover, (vacancy.)

4th Ward—J. B. Winton, George Neiman, Cha's. Eisfeldt.

5th Ward—Arnold A. Patteo, Jacob Tonnison, (vacancy.)

LODGE.—On the evening of the 1st of January, the following officers were installed for the current term, in Teutonia Lodge, No. 37, I. O. O. F.:

N. G.—Charles Kupper.
V. G.—Guido Pfister.
R. S.—Herman Haertel.
Treas.—Henry Miller.

☞ The election of the Sack Company, held last night, resulted as follows:

Foreman.—Wm. A. Hawkins.
First Ass't.—Alanson Sweet.
Second do.—Nelson Ludington.
Sec'y.—E. L. Shannon.
Treasurer.—G. Shoyer.
Steward.—H. J. Goff.

UNITED STATES COURT.—The case of Daniel Low, the surviving partner of D. & N. W. Low vs. Solon Johnson, was brought before the court, yesterday afternoon. For plaintiffs, Brown & Ogden, for defendants, Smith & Palmer. This case is still pending. The forenoon was chiefly devoted to the examination of the witnesses, in the case.

☞ The delegates in the City Charter Convention, held an adjourned meeting at the Common Council Room, at 11 A. M.

Ball of Supply Hose Co. No. 1.

The largest and selectest Party of the season, came off at Gardiner's Hall, last evening, under the management of Supply Hose Co. No. 1. The Hall was tastefully adorned with evergreens and pictures. A large Band of Music was in attendance, and the joyous dancers improved the occasion to the best advantage. We intended to write a review of the whole performance, but the printer says we must be brief. We have not ascertained the number present, but two tables were spread the entire length of Goff's Hall, and the tables had to be re-set to accommodate the party. The supper was excellent, and the company did ample justice to it.

When we entered the Hall, about 11 o'clock, we found our neighbor of the *Wisconsin*, supporting a post, waiting, as we supposed, to dance an Editorial cotilion with Gen. King, of the *Sentinel*, Mr. Seaver, and ourself, with the circling multitude, for spectators. But all negotiations to that effect having failed, we led the head set, the Editor of the *Wisconsin*, having taken a seat near us, and at our instance, rubbed up his eye-glass, watched us thro' the motions, and pronounced them excellent, and the next we saw of him he was tripping and whirling it through our set on his own hook, and for a new beginner, we must say he danced excellently well. He has improved greatly.

The gentlemen were, generally, dressed in good taste. So were the ladies, and some of them danced admirably. We could but observe tho', as a philosophical fact, that dark under-skirts are warmer than light, and in a waltz, form a strong contrast with a white muslin dress. But we are glad to see people independent, and dress as they please.

Miss C. B——m, and Miss I. D——e were remarked for the exquisite simplicity and delicacy of their dress, and the child-like beauty of their smiling faces.

Miss M——was dressed in rich pink velvet, with an outer dress of white silk gauze. Her appearance was dignified and noble.

Mrs. G——d wore white muslin, dotted with blue, a blue sash, plume and curls.

The Misses G—— also wore curls, and were dressed with taste.

Mrs. C——s, and Mrs. L——d wore pink silk, appeared admirably, and danced elegantly.

Miss S——r was dressed in black velvet waist, and white skirt, and waltzed charmingly.

Miss E—— B——n wore plain white, and danced with a great deal of spirit.

Miss Maggy H——d was graceful as a little sylph.

Miss —— carried her head on one side too much to appear well.

The Misses S——gs were modest and unaffected in their dress. The younger wore coral bracelets and necklace. Both are graceful dancers.

Had we time, we would give a fuller and better description of the whole affair, but we can only say that all seemed to enjoy themselves, and the managers deserve great credit for the arrangements and success of the party.

OREGON COMPANY No. 3.—At the annual election of Oregon Company No. 3, held on the evening of Dec. 10th, the following persons were elected officers for the ensuing year:

Foreman—A. J. Langworthy.
First Ass't—H. D. Gay.
Second Ass't—F. H. Greenleaf.
Secretary—O. M. Hosford.
Treasurer—H. Hill.
Hose Captain—S. Bloomfield.
Marshal—J. W. Luscomb.
Steward—R. B. Carter.
Trustee—H. D. Gay.

GRAB BAG CONCERT.—Our readers will observe the *Programme* for this Concert and Ball, at Gardiner's Hall, for the benefit of Mr. Gardiner. It's all the talk, among those who hope to be the fortunate holders of a fine "grab."

MRS. SWISSHELM ON DANCING.—"One curious fact we have observed with regard to dancing. This is, the more deeply a church or individual professor is steeped in the spirit of money grubbing, or intemperance, the greater is the abhorence of dancing. This appears to be a kind of convenient scapegoat on which the sins of the congregation are laid, that they may be borne to the wilderness.—Let the preacher at any time submit to a gag which shall, on some special occasion, forbid his opening his mouth for the dumb, or reproving a wealthy distiller, or fat usurer, who grinds the poor to pay the pew rent, and forthwith we get a fresh anathema on dancing.—Show us a wealthy deacons' wife who will haggle with a widow to get washing done for twelve and a half cents a dozen, and then pay her in trade, or give her two dimes and four coppers for twenty-five cents, and we will show you one who will take a spasm over the iniquities of a cotillion. We never knew the rule to fail, and have watched its workings for so long that whenever any one begins a lecture on dancing we suspect him or her of being a worshiper of mammon. Old Christian in his long journey danced for joy, but the man with the muck rake was too busy. Nothing appears better calculated to contend with the hard, money-loving spirit of our age than music and dancing. It tends to melt the hard crust which the dust of ledgers forms around the hearts of our people, and there is no place to which we should go with a subscription paper, for charitable objects, with more hope of success than a social party where all were dancing to the music of two good violins and a trombone.—*Pittsburgh Visitor.*

Fine Porkers.—Mr. S. Griggs, of Porter, in this county, took ten hogs to market last week, which weighed as follows: 333, 345, 363, 366, 373, 374, 375, 377, 393, and 414. Aggregate weight, 3,710 lbs. The amount of money received for this load, was $155,61—a much more profitable income, we believe, than could have been realized from any other product, with the same expenditure of means.—*Janesville Gazette.*

NEWS BY TELEGRAPH.

The Kossuth Banquet at Washington.

Washington, Jan. 7th.

The Congressional Banquet to Kossuth came off to-night at the National Hotel; 1300 persons present.

The dining hall was handsomely decorated with flags, &c. A raised table in the centre of the room was apporpriated to Hon. W. R. King, President of the Senate, who presided, with Kossuth and Speaker Boyd at his right, and Hon. Daniel Webster on the left. Secretaries Corwin and Stewart, Judge Wayne, Gen. Houston, Mr. Seward, and other distinguished gentlemen, occupied seats in the vicinity of the Chair.

The Marine Board was in attendance.—Kossuth made a magnificent speech.

January 8th.

The following are Kossuth's remarks in reply to Speaker Boyd in the House of Representatives:

"Sir: it is a remarkable fact in the history of mankind, that while, through all the past, honors were bestowed upon glory, and glory was attached only to success, the Legislative authorities of this great Republic bestow honors upon a persecuted exile, not conspicuous by glory, not favored by success, but engaged in a just cause. This is a triumph of republican principles, and for this fact, sir, I thank, in my own and my country's name, the House of Representatives of the U. S., for the honor of this cordial welcome.

Washington, Jan. 8.

At the Congressional Banquet last evening Mr. Seward was called for, and said:

Gentlemen:—I am too wise a man to speak upon any question at this time of day. When it was first proposed in the Senate to receive the invited guest I was advised not to hurt it by advocating it. I have only to say this—when the distinguished Sec'y. of State shall have given his length, and the Senator of Illinois shall have expressed his breadth, and the Senator from Michigan shall have given his letter, I shall be found for the Liberty of Hungary, and for that of Europe.

Gentlemen—this is my principle and my sentiment:

"The U. S. will respect and observe the laws of Nations, and they will expect all other powers to do the same!"

The Congressional Delegation from Vermont visited Kossuth this morning.

Mr. Hobard presented a resolution of the Legislature in a most beautiful address, and reminded him that the people of his State were the first to resist British oppression, &c.

Kossuth briefly made his warm acknowledgements, and said that the sympathy thus expressed was a great consolation in his misfortunes. He said he would transmit a written answer to the Legislature, and would visit Vermont if circumstances permitted his stay to be prolonged.

A meeting of the citizens of various States was held at the Irving House, yesterday, and a committee from every State was appointed to wait upon Kossuth and present resolutions expressive of their profoundest sympathy.

Arrival of the Steamer Cambria.

Halifax, Jan. 7.

The steamship Cambria arrived last night with 25 passengers.

Lord Palmerston, British Secretary of Foreign Affairs, has resigned.

Under Secretary, Lord Stanley, also tendered his resignation.

Among the rumored causes of Lord Palmerston's resignation, is Cabinet difficulties on the abstract question of the French revolution. The ministry, however, is not likely to be revoked before the meeting of Parliament.

The return of many Irish emigrants to their native country is attracting considerable attention in Ireland.

It appears that their anticipations in regard to America, have not, in many instances been realized. The Irish, consequently, are congratulating themselves on the event, and regard it as a ground for hope for the future.

SPAIN.—On the 2d of December, the Queen of Spain was delivered of a robust princess.

FRANCE.—The election still continues to engross the French mind to the exclusion of all other subjects.

Louis Napoleon is everywhere triumphant, and it is probable that his majority will exceed that of 1848.

The polls in the 68 departments, though incomplete, give 5,010,000 yeas and 600,000 nays.

A telegraph despatch from Paris, of the 20th, gives the vote at 6,051,000 yeas, and 708,000 nays.

Many of the imprisoned deputies had been set at liberty. Many speculations were indulged in relation to the new Press Law, shortly to be promulgated. It is generally reported that each journal would have to deposite a sum of money with the Government, as security for good behavior. Offences of the press are to be, *first*; attacks on the Government; *second*, inciting hatred among the citizens, attacks on religion, on family, and property. Each offense to be punished by fine or imprisonment.

The correspondent of the London Globe, writing from Paris, Friday morning, among the rumors from that city is one to the effect that some ministerial change will take place among the parties assisting government, when Louis Napoleon's movement is pronounced legal by the vote of the people.

The Count of Montalembert is spoken of as likely to form a part of the new Cabinet. The portfolio of public instruction will be confided to him.

ENGLAND.—The London Times says it is understood that the Board has resolved to reduce the rate of interest on Government securities until the 16th of January, from 2½ to 3 per cent.

A Privy Council was held at Windsor Castle yesterday. Her Majesty appointed the Rt. Hon. Earl Granville to be one of Her Majesty's principal Secretaries of State.

English funds closed on the 24th at an advance in consols of 97a97⅛ dividing.

Foreign stocks generally fair.

American stocks—little doing.

Business good as before. Railway shares but little doing.

Bullion in the Bank of England had amounted to £17,441,500.

The iron houses of John Barclay, Buchanan & Co., and Sweet, of Glasgow, have suspended—liabilities £70,000.

Quarles, Ham & Son, in the Oporto trade, have also failed—liabilities £70,000.

☞ Dr. L. J. Barrows, of this village, has been appointed resident physician to the Institute for the Blind. This is an appointment in every way "fit to be made;" and while it confers a high honor on the appointee, secures the services of a competent physician to the Institute.—*Janesville Gazette.*

WAUKESHA ITEMS.

WAUKESHA SENATORIAL ELECTION.—We give the full returns as we have received them, and also the vote for Governor last fall. It will be seen that Farwell's majority was 34, and West's is 133:

	West.(w.)	Thomas,(d.)	Farwell.	Upham.
Pewaukee,	50	–	10	
Brookfield,	86	–	57	
Waukesha,	122	–	90

Summit,	–	18	–	17
Oconomowoc,	64	–	13	
Merton,	10	–	11	
	421	288	294	260

West's majority, 133; Farwell's do., 34.

The vote is certainly flattering to Dr. West, and is a pretty fair indication that the sceptre has departed from the hands of a certain class of politicians.

RIDICULOUS.—The boastings of the Waukesha *Democrat* before election. It eulogized Mr. Thomas as the incarnation of all the virtues, represented Dr. West as a Hunker Fugitive Slave Law candidate, and falsely declared that every friend of the Free Soil Platform of 1849 would, without doubt, support Mr. Thomas. But all this gasconade ended, as such displays usually do. That Hunker sheet can now understand what a sinking cause it has to sustain. No wonder it affiliates so cordially with that slavery-defending sheet—the Kenosha Democrat. It's of no use, neighbor! You can't make the free people of Waukesha County swallow your doses. They have tasted them already *ad nauseam.*

HEALTH IS WEALTH.
THE GRÆFENBERG COMPANY'S
UNRIVALLED and universally used Medicines, have long received the approbation and patronage of those in pursuit of Health. If there are any who do not know their virtues, or doubt their efficacy, it is only requested that they will make a trial of them. The Company would call the attention of the Public to the innumerable Certificates (unbought) from the most responsible men, (including many names among the *regular Faculty,*) which they preserve on file at their office.
These *Standard Medicines* may be found at wholesale or retail, at the office of the
Northwestern Agency,
23 WISCONSIN STREET, MILWAUKEE,
and in every Town and Village in the State.
☞ *They may be depended upon with the utmost confidence.* ☜
The following series have been before the community for more than *five years,* and are compounded from ingredients which have been thoroughly tested by scientific chemists:
The Græfenberg Dysentery Syrup.
This extraordinary article is a speedy and infallible remedy in diarrhœa, bloody flux, cholera morbus, cholera infantum, and the Asiatic cholera, and should be taken with the first symptoms, viz: vomiting and diarrhœa. *Now is the season for its use,* and it should be in *every family,* ready for any emergency. It is purely vegetable, and harmless in itself, and never fails to cure the worst cases, and generally in a few hours.
The Græfenberg Vegetable Pills,
Are particularly valuable for the prevention and cure of *Fevers in general,* all *Bilious and Liver Complaints,* general debility, sick headache, dyspepsia, heart burn, costiveness, and in fine, for all ordinary *family uses.* To their great virtues, thousands of families in this State have testified.
The Græfenberg Green Mountain Ointment,
As a pain extractor, cannot be excelled. For the cure of burns, wounds, sprains, sores, rheumatism, and outward affections of all kinds, it knows no rival. Its power *to relieve pain and reduce inflammation,* gives it a distinguishing feature over all other Ointment.
MARSHALL'S UTERINE CATHOLICON. May, without exaggeration, be termed one of the most extraordinary Medicines of the age. Its cures of the *distressing ills incident to Females,* have been most useful and gratifying. It is prepared by Dr. Theo. Pomeroy, of Utica, and no ill effect can result from its use, and a cure is certain in most cases. None who are afflicted should be prevented, from motives of delicacy, from giving it a thorough trial, in cases of *Prolapsis Uteri.* All who have used it, unhesitatingly pronounce it the *greatest boon* which has been given the sex.
The other Græfenberg Medicines are the *Eye Lotion, Health Bitters, Consumptive Balm, Children's Panacea, Fever & Ague Pills, Libby's Pile Ointment, Sarsaparilla Compound.*
The Græfenberg Manual of Health,
A complete hand-book of Medicine, for families, containing 300 pages. Price 25 cents—emphatically the most valuable book of the day. Should be a volume for reference in the library of every family.
☞Full directions go with the Græfenberg Medicines, a constant supply of which may be always found at the Company's Agency.

GRECIAN FANCHERONIAN DROPS.
A sure and safe remedy for, and will positively cure *Sick Headache, Chills and Fever, Jaundice, Dyspepsia, Chronic Diarrhœa, Sea Sickness, Cholera, and Cholera Infantum,*
and restore a healthy action to the liver, without a particle of calomel, mercury, quinine or morphine entering into their compound. They do not purport to be a remedy for all manner of diseases that flesh is heir to, but experience warrants us in saying the above they will positively cure. They will also correct all derangement of the stomach, and relieve from those aches and pains throughout the system commonly called rheumatism. It is an excellent remedy for the Gravel, and as a Vermifuge or Worm-medicine, there is none better.
Prepared only by Dr J S FANCHER, 140 Fulton street, New York, a few doors from Broadway.

STOVES!
STOVE Furniture, Tin Ware, etc, furnished to order, at the lowest cash price, by
oct10 HERBERT REED.

H. N. DAVIS'S COLUMN,
WAUKESHA.

For the Removal and Permanent Cure of all
NERVOUS DISEASES,
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.
This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*
Dr. CHRISTIE'S GALVANIC BELT
nd
MAGNETIC FLUID,
is used with the most perfect and certain success in all cases of
GENERAL DEBILITY,
Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,
A Derangement of the Nervous System.
☞In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor
The great peculiarity and excellence of
Dr. Christie's Galvanic Curatives,
consists in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging, and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.
They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than
75,000 Persons
including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been
ENTIRELY AND PERMANENTLY CURED,
when all hope of relief had been given up, and every thing else been tried in vain!
To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.
CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,
From all parts of the country could be given, sufficient to fill every column in this paper!
AN EXTRAORDINARY CASE,
which conclusively proves that
"Truth is stranger than Fiction.'
CURE OF
RHEUMATISM, BRONCHITIS, AND DYSPEPSIA.
REV. DR. LANDIS, A CLERGYMAN
of New Jersey, of distinguished attainments and exalted reputation:—
SIDNEY, New Jersey, July 12, 1848.
DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:
For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and happy results of the experiment.
I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.
I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE

DR. CHRISTIE'S
GALVANIC BRACELETS
Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

☞No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES,* and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable.* They can be sent to any part of the country.

BOOKS AND STATIONERY.

GREAT WORK ON CIVILIZATION.
This valuable work, has just arrived at
C. OTT'S BOOKSTORE.
It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:
"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matters of which it treats."—*Truth Teller.* april12

CHICAGO BRASS AND BELL FOUNDRY.
H. W. RINCKER,
NO. 198 RANDOLPH STREET, - CHICAGO,
Also on Canal street, opposite Foss' Planing Mill.
THE Proprietor of this establishment is now prepared to cast bells of all sizes. He would particularly invite those who wish to purchase Church Bells, to those of his manufacture. His bells will be sold on as reasonable terms as they can be purchased from the east, or from agents of eastern establishments. They will be sold cheaper in fact, because he can make as good a bell, that will give as large a volume of sound as [those [of eastern manufacture, with one-fourth less weight of metal, and this proportion of money is thus saved in the purchase of his bells. He warrants them not to break for one year with proper usage, and should one fail or not prove to be as good as represented, it may be returned to his shop, and be made good without expense to the purchaser, by a re-cast; or be replaced by a new one. If one should break any time during his life, he will re-cast it for half the expense of casting. Western people will see the advantage in dealing with a western man, and patronizing western interests.
Mr Rincker is a German, a bell founder by profession, and he is confident that he thoroughly understands his business.
He will cast bells to any key or tone that may be desired; he can also cast his bells to chime in harmony. Heretofore the chiming bells used in this country have been brought from Europe; but he is able to make them as correct and musical in tone as any tha may be imported
His bells have taken the premiums at the two last Fairs of the Chicago Mechanics' Institute—the last Fair awarding him a gold medal The following is the copy of the report of the committee on the bell submitted for inspection to the Fair of May, 1850:
Article 11, Class No 6, Church Bells.
A bell of 740 pounds, by H W Rincker, of this city, is well made and a smooth casting. It exhibits a great degree of skill in its manufacture; has an admirable tone and throws a greater volume of sound than any bell of its size; a trial was had between the above bell and one manufactured by Mr Meneely, of Troy, N Y, the latter being considerably the heavier of the two—955 pounds. The arrangement for slinging Mr Rincker's bell was temporary and by far inferior to that of Mr Meneely's, notwithstanding which we believe that there was but little difference in the distance that the two bells could be heard, and that the tone of Mr Rincker's bell was by far the most pleasing to the ear. A Gold Medal was awarded to Mr Rincker.
The above is a true copy of the Report.
G R SLOAT, Secretary
Board Directors Chicago Mechanics Institute
Mr Rincker is also prepared to do all kinds of Brass work, casting and furnishing, on short notice and in good style, such as machinery, magnetic machines, physical instruments, soda fountains, beer pumps, stop-cocks, oil globes, etc, etc.
Also heavy Copper work for all purposes.
Old Brass and Copper purchased, and taken in exchange for bells, at the market prices.
